CALL SUPER 'THE PRESENT TENSE'

'The Present Tense' is the debut release on **Houndstooth** (the new artist-led label from fabric Records), and is **Call Super's** third EP to date. Over the four tracks he explores a multitude of approaches from the 4x4 strut of 'Threshing Floor' to the trippy and experimental tones of 'Leosengor' and 'Siglo Gray Vision' and the snare drum driven 'No City of Choice'.
